From Monday September 18. to Thursday September 21. 1699.

Warsaw, Sept. 8. N. S.

BAron *Werner*, Resident from the Elector of *Brandenburgh*, continues to have frequent Conferences with the Cardinal Primate, and the other chief Ministers at this Court, in order to accommodate the Affair of *Elbing*. We hear, it is already agreed between them, that the Elector shall restore that City to the *Polanders*, who on their side are to deliver some other Place to his Electoral Highness, to remain in his possession till they have given him satisfaction as to the debt he demands of this Crown; What remains to be adjusted, is to fix upon a Place to be put into his Electoral Highness's hands, and to agree on the Sum of Money to be paid him; But these points will hardly be regulated, till the *Brandenburgh* Commissioners arrive, who are said to be on their way hither. The Sieur *Lezinsky*, General of Great *Poland* is making preparations for his Embassy to the Port. Major General *Carlowitz*, Envoy Extraordinary from this Crown to the Czar of *Muscovy*, is on his departure for *Moscow*. The Princes *Alexander* and *Constantine*, who accompanied the King of *Poland* part of the way to *Saxony*, are returned hither. The States of *Courland* have granted the King a Subsidy of 40000 Dollars. A Sum of 20000 Dollars was sent this week to the Commissioners who are gone to take possession of *Caminiec*, and the other Fortresses, to be restored to this Crown by the *Turks*, which Money is to be employed in furnishing those Garrisons with Provisions and other necessaries. In the mean time the *Turks* continue their preparations for the evacuating of *Caminiec*.

Stockholm, Sept. 8. The King of *Sweden* and the Duke of *Holstein* are gone from hence to *Coningsor*, to review several Regiments of Horse which are quartered in those Parts. It's discoursed here, that Orders will shortly be given by the King of *Sweden* for the fitting out of a Fleet, and that some Regiments will be sent to reinforce the *Swedish* Troops in the Dutchy of *Holstein*.

Copenhagen, Sept. 15. The King of *Denmark* has desired the Count of *Guldenleew* to keep all his Publick Employments; who has thereupon altered his Resolution of going to *Norway*, and will continue his Residence here. The Sieur *Meyer*, of the King's Council, and one of the Commissioners of the Chamber of Accounts, has resigned these Places, and is retired from Court. The King visited the Magazines in this City yesterday, and gave Orders that they be well stored with all manner of Provisions and Ammunition. Divers Officers are preparing to make new Levies according to the Orders they have received from Court. At the same time 'tis said, there is a Negociation on foot for accommodating the Affair of *Holstein*.

Frederickstadt, Sept. 16. The building of the new Forts in the Dutchy of *Holstein*, is continued by the Duke of *Holstein*'s Order with great diligence; Several Companies of Foot marched from hence two days ago to reinforce those that are employed in rebuilding the *Holmer-Schans*; And a great number of the Country People in the Neighbourhood are likewise employed in these Works.

Vienna, Sept. 9. The Emperor's Ministers continue their Conferences for regulating divers Matters about the Forces that are to be kept on foot. The States of *Hungary* are assembled at *Presbourg*, and a Supply of 4 Millions of Florins is demanded of them in the Emperor's Name for the next year. Count *Oting*, Ambassador from this Court to the Grand Signior, is on Monday next to have his Audience of Leave of the Emperor, and will begin his Journey to *Constantinople* in two or three days after. Divers Persons of Quality design to accompany him, and his Retinue will consist of no less than 400 Persons. Lodgings are preparing in this City for the *Turkish* Ambassador, who is on his Journey hither with a numerous Train. Our last Advices from *Hungary* say, the Imperial and *Turkish* Commissioners for settling the Limits between the two Empires, having for the present left the Differences concerning the Town of *Novi*, and some other small Places on the Borders of *Croatia* undecided, were busied with settling the Limits of the *German* and *Turkish* Dominions in *Transilvania* and *Upper Hungary*. The Imperial Forces continue to work with great Application on the new Fortifications at *Arat*, *Peter-Waradin*, and other Frontier Places, which they intend to finish before Winter. They write from *Bohemia*, that the Generals *Trautmansdorf* and *Rosa* had fought a Duel, in which the last was killed on the Spot, and the other died the next day of his Wounds.

Dresden, Septemb. 11. The States of *Saxony* are still assembled, to consider of the King of *Poland*'s Demands of a Supply for clearing the Arrears due to the Forces in this Country, for paying a Sum of 300000 Dollars which has been borrowed for the King's Service, and discharging the other Debts of the King's Chamber of Accounts in *Saxony*, for repairing the Fortifications of the Frontier Places in this Electorate, and for other Necessary Occasions. Monsieur *Haugwitz* Marshal of the Court, and divers other Persons of Quality,

&c.
